

## 3<sup>rd</sup> Annual “In The Know” Awards Nomination Criteria

For the past two years The Prostate Net has presented our Annual “*In The Know*” Awards in an event that has honored those individuals, agencies and/or corporations that have made significant strides in helping to eliminate health disparities.

**These awards are designed to honor those who have gone beyond the routine to change the paradigm of negative impact on medically underserved communities through their demonstrated leadership, implementation of novel strategies and/or commitment in time, energy and resources.**

Building on the strength of the continuing effort, and coupled with the positive response from the professional communities, we will continue with a broader scale event with greater media focus and awareness reach into the service agencies and organizations serving the affected consumer populations.

The next Awards Gala will be held on September 21, 2007 with a luncheon at New York University again to take advantage of our partnering relationship in place with their Center for University Life.

Awards will be presented in the following categories:

- Government: National and Local
- Corporate: healthcare; non-healthcare
- Clinical or Epidemiological Research Excellence
- Medical Center / Clinician
- Outstanding Oncology Nurse
- Local Community Service
- Patient Advocacy
- Media: print; electronic; Internet
- Barber of the Year
